Dear Diane and members of the Restoration Advisory Board:

I regret to inform you that I must resign my position of RAB Community Member due to scheduling conflicts and time commitments. I appreciate the board's willingness to change the meeting date on my request, but I would still have to miss several meetings this year. I realize that the RAB charter has a three absence maximum, and I cannot meet this requirement.

If you wish, I can turn in the notebook and correspondence that I have previously received. I commend the quality of the materials provided and the well organized, informative meeting format.

I trust that you will find an appropriate community member for my replacement. I have enjoyed my brief association with the RAB board, and I wish you great success with the important tasks ahead.

Thank you for the opportunity to serve with such an esteemed and dedicated group of people.

Sincerely,

Lucille G. Heine
