PUBLIC NOTICES

UNITED STATES

NAVAL WEAPONS STATION EARLE
COLTS NECK, NEW JERSEY

This announces that an Action Memorandum, engineering evaluation and cost analysis (EE/CA) for the excavation and removal of impacted soils at the Naval Weapons Station Earle Sites 22, 23 and 27 under the Navy Installation Restoration Program has been drafted. The Northern Division of the Naval

PUBLIC NOTICES

Facilities Engineering Command, the lead agency for the site remedial activity, has recommended the removal of soils impacted by paint disposal operations to minimize the potential for migration of metals and Polyaromatic Hydrocarbons (PAHs) in surface water and groundwater. The remedial action involves the excavation, transportation and off-site disposal of impacted soils. Post-excavation sampling will be used to evaluate the effectiveness of the remedial alternative. Naval Weapons Station Earle will consider written and verbal comments on all the proposed alternatives before final selection of the remedial alternative and the issuance of a Decision Document reflecting this choice. Written comments must be postmarked by October 7, 1996. The Action Memorandum and EE/CA for this site may be reviewed at the repository listed below.

Monmouth County Library
Eastern Branch
Government Repository
Route 35
Shrewsbury, New Jersey 07701

Written comments on the proposed alternatives should be sent to:
Commanding Officer
Attn: Code 043
Naval Weapons Station Earle
Colts Neck, New Jersey
07722-5014
($153.00) 32427
