## Public Notices

### REMEDIAL ACTION SITE 2, Waste Disposal Area B St. Juliens Creek Annex Chesapeake, Virginia

The Department of the Navy (DoN) Installation Restoration Program announces the initiation of the Remedial Action for Site 2 at St. Juliens Creek Annex, Chesapeake, Virginia. The Remedial Action will consist of the construction of a soil cover and groundwater treatment using enhanced reductive dechlorination and monitored natural attenuation at Site 2. An enhanced extended stormwater detention basin will be constructed to replace the current functionality of Site 2. Additionally, a tidal wetland is being constructed to replace what will be permanently lost at Site 2 as a result of the Remedial Action. The Remedial Action is being completed in accordance with the Basis of Design Report for Site 2, which was finalized in November 2011. The Remedial Action construction was initiated on May 16, 2012, and is anticipated to be completed by December 2013.

A fact sheet detailing the methods to be utilized to implement the action is available on the public website for St. Juliens Creek Annex, <http://go.usa.gov/gCL>, or may be viewed at the following location during normal business hours:

Major Hillard Library  
824 Old George Washington Highway  
Chesapeake, VA 23323  
757-410-7078
