Mr. Trent McVay
Mr. Russell A. Neighbors

CDR Russell Noble
Mr. Tom Seale
Mr. Charles F. Smith
Mr. John A. Smith
Dr. David M. Watt

Dear RAB Members:

As discussed at the last RAB meeting, one of the agenda items for the next meeting (scheduled for Tuesday evening, 27 September) is a discussion of the work to be undertaken for "gray" areas. As you recall, "gray" areas are those areas noted in the Environmental Baseline Survey for which not enough information is available to make a determination about the environmental condition of the property.

On behalf on the BRAC Cleanup Team (BCT) for NAS Memphis, I invite and encourage you to review the "gray" area work plan prior to the next meeting. Two copies are available at the RAB Library in Mayor Harvell's office at Millington City Hall, and can be checked out and taken home for your review. The document is formally entitled "Verification Sampling Work Plan for Potential New Sites", dated 4 August 1994. If you have specific questions or comments, please do not hesitate to contact me collect at (803) 743-0573. Comments and questions received by 19 September will enable me to prepare a more usefully discussion at the 27 September meeting.

Thank you again for your participation and work as a member of the RAB. If you have any questions, please do not hesitate to call. Minutes of the last meeting will be forwarded by CAPT Willis in the near future.

Sincerely,

MARK R. TAYLOR
Installation Restoration Project Manager
NAS Memphis
