RE: Revised Draft Sampling and Analysis Plan (Field Sampling Plan and Quality Assurance Project Plan), Revision 5, Groundwater/Surface Water Interface, Operable Unit (OU) 2 – Sites 11 and 30, Naval Air Station Pensacola, Pensacola, Florida

Dear Patty:

I have reviewed the Revised Draft Sampling and Analysis Plan (Field Sampling Plan and Quality Assurance Project Plan), Revision 5, Groundwater/Surface Water Interface, Operable Unit (OU) 2 – Sites 11 and 30, Naval Air Station Pensacola, dated December 2013 (received December 18, 2013), prepared by Tetra Tech, Inc. My previous comments on the document have been adequately addressed. Therefore, upon addressing any remaining EPA comments, the Navy should issue a Draft Final version of the report with Ken Bowers and your signatures on SAP Worksheet #1.
