Subj: FUNDING FOR NAVY WORKING CAPITAL PROGRAM SERVICES

1. Please validate job orders and funds for purchase of recurring Navy Working Capital Fund (NWCF) services from NAVFAC Northwest in fiscal year 2009. To assist you with preparing funding documents, the approved NAVFAC Northwest FY09 NWCF rates and instructions for sending funding documents are posted on our public portal web site at www.navfac.navy.mil. On the "Organization" tab click NAVFAC Atlantic then NAVFAC Northwest, click the "Resources" tab then the "FY09 NWCF Rates" tab.
2. Should you have questions regarding the rates or require assistance to estimate projected quantities, please have your staff contact their base POC or the appropriate POC listed in the rate document on our public portal. Please note you may provide funding in quarterly amounts if that is the way you receive your funds. If your purchase in FY08 was a one-time purchase and will not be recurring in FY09, please disregard this notice.
3. My point of contact regarding this subject is Terilynn H. Lazo. If you would like a briefing on rates, or if you have difficulty reaching the web site, please contact her at (360) 396-0207, e-mail terilynn.lazo@navy.mil.

R. D. SCHLESINGER
