

Safety

Construction and Services Safety:

Safety of the Prime contractor

Separate Safety Evaluation Factor in all Source Selection Procurements:

Experience Modification Rate (EMR)

OSHA Form 300A, Total Recordable Incidence Rate (TCIR), and Days Away from Work, Job Restriction or Transfer (DART)

Other databases or sources: Including FAIR database

Safety Narrative: Contractor's plan for sub-contractor safety performance

Safety of the Subcontractors:

Contract provisions requires all contractors to hire only subs with good safety records. EMR < 1.1 and DART rate < 3.0

Safety Professional at every Installation:
