Date Change for NAVFAC Atlantic Industry Forum 2015 Webinar

Naval Facilities Engineering Command, Atlantic (NAVFAC Atlantic) is changing the date of its 2015 Industry Forum, held via Webinar, to June 17, 2015.

The Webinar will allow real-time point-to-point communications as well as multicast communications from NAVFAC to many receivers at once. In a time of budget reductions and cost-saving initiatives NAVFAC Atlantic is proud to utilize this efficient technology to maximize our audience and minimize our expenses by holding this year's Industry Forum via a webinar.

Additional details regarding the event including the agenda, copies of briefs, and directions for joining the webinar will be provided at:

http://www.navfac.navy.mil/navfac_worldwide/atlantic/about_us/Industry-Forum-2015.html

This webinar is designed to inform leaders in the construction, real estate development, and architecture/engineering industries who team with NAVFAC Atlantic to provide the best infrastructure solutions to the Navy. This webinar provides information you need on the latest policies, workload, standards, and initiatives within NAVFAC. Attendees will hear from NAVFAC leaders in the areas of acquisition, small business, environmental issues, engineering, design and construction, facilities support, and safety. The webinar brief will be followed by an interactive question and answer session.

There is no registration charge for this event, and pre-registration is not required. Access to the Industry Forum webinar will be provided on a first come first serve basis and without fee. Attendance will be limited to a maximum of 1,000 for the session.

The NAVFAC point of contact for this event is Mr. Joe Halliday who may be reached at (757) 322-4088, email: james.halliday@navy.mil. Participation in this Industry Forum Webinar is voluntary and in no way obligates the Government to award any contracts, or pay any costs associated with such participation.
