

OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE
NATIONAL COUNTERINTELLIGENCE EXECUTIVE
WASHINGTON, DC 20505

NCIX-094-11

MEMORANDUM FOR: Distribution

SUBJECT: Technical Specifications for Construction and Management of Sensitive Compartmented Information Facilities

REFERENCES: A. ICD 705, Sensitive Compartmented Information Facilities
B. ICS 705-1, Physical and Technical Standards for Sensitive Compartmented Information Facilities
C. ICS 705-2, Standards for the Accreditation and Reciprocal Use of Sensitive Compartmented Information Facilities

This memorandum promulgates the Technical Specifications for Construction and Management of Sensitive Compartmented Information Facilities to the Intelligence Community.

As a result of a cooperative effort by physical and technical experts from the IC elements and our industrial partners, these Technical Specifications provide detailed guidance to explain and enhance the physical and technical security standards identified in ICS 705-1, Physical Security Standards for Sensitive Compartmented Information Facilities.

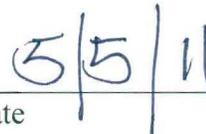

IC elements shall use these Technical Specifications in concert with ICD 705 and ICSs 705-1 and 705-2 to plan, design, and construct or modify SCIFs. As stated within ICS 705-1, full implementation of the standards shall be completed within 180 days of the signature of the standards. This issuance of technical specifications completes these standards and the date of signature of this memo shall serve as the date from which the 180 days shall be counted.

Questions may be directed to Mr. Robert Maher, Senior Policy Officer for Physical and Technical Security at 932-0740 (secure) or 703-682-4488 (non-secure).

Robert M. Bryant
