

Physical Security Technology Division (CI8)

4/26/2013

- **Established in 1975 as a Center of Expertise in:**
 - Security Engineering
 - Physical Security
- **Highly disciplined, agile and multi-functional team of seasoned engineers, security specialists and operators who are:**

“Technology Driven and War-fighter Focused”

- **Professional Engineer (PE)**
- **Security Asset Protection Professional Certification (SAPPC)**
- **Security Fundamentals Professional Certification (SFPC)**
- **Professional of Critical Infrastructure Protection (PCIP)**
- **Certified Protection Professional (CPP)**
- **Physical Security Professional (PSP)**
- **Advanced degrees (MA, MPA, PhD)**
- **Government cleared (TS SCI)**
- **Military operational expertise**

- **Identification/characterization of assets to determine their value and loss impact (criticality)**
- **Assessing the nature of existing and potential threats to scope mitigation solutions**
- **Conducting physical security surveys to identify risk**
- **Performing risk analysis to select effective countermeasures**
- **Cost benefit analysis of potential solutions based on risk reduction**
- **Covert and overt testing and evaluation**
- **Design review for future additions, projects, or new construction**
- **Planning and application of Inter-Agency Security Committee (ISC) standards to leased facilities off base**

- **Establishing security system requirements and performance specifications**
- **Applying physical security measures, technology and selecting appropriate system components**
- **System design and integration of recommendations**
- **Procedural, procurement and system course of action development to rectify problems**

- **Critical Infrastructure Protection**
- **Security Engineering and Physical Security**
- **Blast Analysis**
- **Forced Entry (Covert & Overt)**
- **Comprehensive Risk Analysis (All-Hazard)**
- **Design Basis Threat Development**
- **Security Criteria Development and Design**
- **Electronic Security Design, Evaluation and Assessment**
- **Quantitative and Qualitative Analysis**
- **Access / Entry Control Point Design and Analysis**
- **Security Operations**
- **Special Projects (Customized for/by Command/Customer needs and requirements)**

- **Air Force Global Strike Command**
- **Air Force Nuclear Weapon Center**
- **Assault Craft Unit 4, Little Creek, VA**
- **Central Intelligence Agency**
- **Commander Fleet Activities Yokosuka**
- **Commander Fleet Activities Chinhae Korea**
- **Commander Fleet Activities Okinawa**
- **Commander, Navy Installations Command**
- **Commander in Chief Naval Forces Europe**
- **Defense Contract Management Agency**
- **Defense Information Systems Agency**
- **Defense Intelligence Agency**
- **Defense Threat Reduction Agency**
- **Department of State – Overseas Buildings Operations**
- **Deputy Under Secretary of the Navy, Plans, Policy, Oversight, and Integration Security Directorate**
- **DoD Explosives Safety Board**
- **Federal Aviation Administration**
- **Joint Reserve Intelligence Center**

- **Military Surface Deployment and Distribution Command**
- **Military Traffic Management Command**
- **National Aeronautics and Space Administration**
- **National Nuclear Security Administration**
- **National Reconnaissance Office**
- **Naval Command, Control & Ocean Surveillance Center, PA**
- **Naval Facilities Engineering Command**
- **Naval Special Warfare Command**
- **Naval Supply Systems Command, Japan**
- **Naval Support Activity Bahrain**
- **Navy Munitions Command**
- **Naval Ordnance Safety and Security Activity**
- **Physical Security Enterprise and Analysis Group**
- **South West Regional Maintenance Command**
- **Space and Naval Warfare Systems Command**
- **Technical Support Working Group**
- **U.S. Activities, United Kingdom**

Prior Engagements (continued)

- **U.S. Army, Walter Reed, Institute of Research**
- **U.S. Naval Base, Philadelphia, PA**
- **U.S. Naval District Washington**
- **U.S. Naval Forces Central Command, Bahrain**
- **U.S. Special Operations Command**
