Dear neighbor:

As the Environmental Restoration Program at the U.S. Naval Station, Roosevelt Roads progresses, the need to increase community involvement becomes more important.

I invite you to the second Restoration Advisory Board (RAB) meeting which will be held at 7 p.m. on Thursday, March 30, 1995 at the Ceiba's Community Center (near the Middle High School). At this meeting, the RAB members will be introduced and you will have the opportunity to decide how the meetings should be conducted (i.e., frequency, schedule, etc.). The Installation Restoration Manager will also discuss the latest restoration projects.

I want to emphasize that the objective of the RAB is to expand opportunities for community participation in the environmental restoration process. The RAB will provide information and solicit community input from individual RAB members to be used by the Navy and the regulatory agencies to determine the final remedial action.

I look forward to seeing you at the meeting, and ask you to invite your neighbors to attend also. Strong community participation will ensure we build and maintain an open communication about restoration issues.

If you have questions, or would like to recommend someone to become a RAB member, please call Mrs. Madeline Rivera, Installation Restoration Program Manager, Public Works Department, at (809) 865-4429.

Sincerely,

Handwritten signature of J. R. Huston in cursive script.

J. R. HUSTON  
Lieutenant Commander, CEC, U.S. Navy  
Public Works Officer, Acting  
By direction of the  
Commanding Officer
