LEGAL NOTICES

**PUBLIC NOTICE
RESTORATION ADVISORY BOARD MEETING,
FIVE-YEAR REVIEW, AND
MUNITIONS RESPONSE SITE PRIORITIZATION
MARINE CORPS INSTALLATIONS EAST-
MARINE CORPS BASE CAMP LEJEUNE, NORTH CAROLINA**

The Marine Corps Installations East-Marine Corps Base Camp Lejeune (MCIEAST-MCB CAMLEJ) Restoration Advisory Board (RAB) meets quarterly to discuss the Base's Environmental Restoration Program with the local community. You are invited to the next RAB meeting to learn more about the Environmental Restoration Program and to provide input on the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) Five-Year Review and the Munitions Response Site Prioritization Protocol (MRSPP) as described below. This RAB meeting will be held on **Wednesday, May 28, 2014 at 6:00 PM** at the following location:

Coastal Carolina Community College
Business Technology Building, Room BT105
444 Western Boulevard
Jacksonville, NC 28546

Five-Year Review: The Department of the Navy, MCIEAST-MCB CAMLEJ, and Environmental Protection Agency (USEPA), with concurrence from North Carolina Department of Environment and Natural Resources (NCDENR), are beginning the Five-Year Review of environmental cleanup actions at MCIEAST-MCB CAMLEJ. A Five-Year Review is required by Section 121 of CERCLA to ensure that environmental cleanup actions are adequately protecting human health and the environment at sites where any hazardous substances, pollutants, or contaminants remain in-place while cleanup is ongoing. The last Five-Year Review was completed in 2010 and the report on this Five-Year Review will be available in 2015.

MRSPP: The Department of the Navy is updating the MRSPP to close 20 sites where no further action is needed, update information for the 6 sites under investigation, and to add 3 new sites. The MRSPP scores sites based on site conditions and the potential risk posed to human health and the environment. The results of the scoring will be used to sequence priorities for remaining sites at MCIEAST-MCB CAMLEJ and with other Navy/Marine Corps munitions response sites.

For More Information: If you would like to receive additional information about the RAB, please contact Ms. Charity Delaney, the MCIEAST-MCB CAMLEJ RAB Co-Chair, at (910) 451-9385.

If you would like additional information on the Environmental Restoration Program, visit the public website (<http://go.usa.gov/Dy5T>) and information repository for MCIEAST-MCB CAMLEJ at:
