Technical Memorandum  
Munitions Response Investigation  
Marine Corps Air Station New River  
New River Runway Expansion Area

Dear Mr. Beck:

The Environmental Protection Agency (EPA) has completed its review of the above subject document, dated April 2014 and agrees with the stated conclusions and recommendations. More specifically, additional investigations and environmental sampling will be required within the UXO-29 boundary that is outside of the munitions response activities conducted to support the runway expansion.

If there are any questions, I can be reached at (404) 562-8538.

Sincerely,

Gena D. Townsend  
Senior Project Manager
