## YOU Can Help the Environmental Restoration Program!

just by answering a few short questions...

**What:** During the week of December 1-5, representatives of contractor CH2M HILL will be at the Main Exchange and the Air Station Exchange during lunch-time, conducting short interviews to find out what people know (if anything!) about the environmental restoration (cleanup) program at Camp Lejeune.

**Why:** Camp Lejeune is updating its "Community Involvement Plan (CIP)" for the Environmental Restoration Program. The CIP describes how Camp Lejeune communicates with both the on- and off-Base community about the environmental restoration program at the facility, and how Camp Lejeune will provide opportunities for the public to be involved.

### To understand the community's concerns and information needs about the environmental cleanup program, WE NEED YOUR HELP!

We need to know what people like you do (and do not) know about the environmental restoration program, what your concerns and interests are, whether you are getting the information you want, and how you would like to get information.

Responses will be used to update the Community Involvement Plan. The plan will include a summary of all the responses, but individual responses will be kept completely anonymous. The Community Involvement Plan will be placed in the information repository for members of the community to review, if they wish.

**For More Information:** If you would like more information about the Camp Lejeune environmental restoration program, or if you have any concerns, please contact the Base Public Affairs Division by telephone at 910-451-7440, by sending e-mail to [cljn\\_globe\\_web@usmc.mil](mailto:cljn_globe_web@usmc.mil).

If you would like to schedule a time to meet to participate in this questionnaire, please send an email to [MCBCAMLEJ.CIP@ch2m.com](mailto:MCBCAMLEJ.CIP@ch2m.com).
