Dear Henry:

The Craven County Board of Commissioners, while meeting in regular session on December 21, 1987, voted unanimously to appoint you as a member of the Cherry Point Hazardous Waste Board.

The Commissioners have asked me to express their appreciation for your willingness to accept the responsibility that automatically accompanies serving on this important Board. We have an opportunity to demonstrate our commitment to this responsibility and we know that a member of your background and ability will prove to be a great benefit to the citizenry of Craven County.

The next few years will be a period of rapid growth and development, with all the stresses and problems consequent of such conditions. I know I speak for the other members of the Board in saying that we are glad you will be with us in meeting these challenges.

By a copy of this letter, I am asking Mr. Doug Nelson, (or his designee) to contact you with the necessary information concerning future meeting dates and times as well as provide you with any pertinent information concerning your duties and responsibilities. Again, thank you for your interest in Craven County as exhibited by your willingness to serve on this all-important Board.

Sincerely,

Sidney R. French, Chairman
Craven County Board of Commissioners
