Agency, Region IV
345 Courtland Street, NE
Atlanta, Georgia 30365

Dear Ms. Glenn:

Enclosed please find the draft final Remedial Investigation Report for Site 29, Crash Crew Burn Pit, Marine Corps Auxiliary Landing Field (MCALF), Bogue, North Carolina. The Report details the findings of field efforts performed in October 1991 and is the result of our ongoing efforts to fully identify the nature and extent of contamination at the site.

Comment and approval of the Report will be required prior to proceeding with the next phase of investigation. We therefore request your schedule for review, comment, and/or approval of the Remedial Investigation Report so that we may proceed with the planning of the Feasibility Study. Also, to assist with your review of the Report, a Technical Review Committee meeting has been scheduled for June 4, 1992. We will provide you with a meeting agenda, meeting place and time in the near future.

If you have questions or comments, please contact Ms. Renee Henderson or myself at (919) 466-4598/4599.

Sincerely,

R. D. NELSON
Natural Resources and
Environmental Affairs Officer
By direction of the
Commanding General
