Dear Mr. Bius:

On August 24, 1994, the Air Station transmitted notice that a previously unknown Solid Waste Management Unit (SWMU) had been discovered aboard Marine Corps Air Station, Cherry Point. The Air Station hereby submits, as the enclosure, the SWMU Assessment Report (SAR) required.

The Air Station has designated the SWMU as Site 71, the Building 3909 Weapons Cleaning Area for purposes of record keeping. Samples from the affected area were taken for chemical analysis to supplement the minimum requirements for completing a SAR. Results of the analyses are included in the SAR.

Thank you for your assistance in this matter. If you have questions or require additional information, please contact Steve Simmons at (919) 466-5271.

Sincerely,

G. W. RADFORD
