RE: Revised IM Report  
Mc Comish Gorge  
Naval Weapons Support Center  
Crane, Indiana  
IN5 170 023 498

Dear Commander Hays:

The United States Environmental Protection Agency (U.S. EPA) has reviewed your revised Interim Measure (IM) Report for Mc Comish Gorge, for the above referenced facility, dated August 22, 1990. We hereby approve the revised IM Report. Please be aware that the property boundary was not correct on Attachment I of the report, but this has no impact on the approval.

General inspections of the area should continue throughout the RCRA Facility Investigation. At this time the U.S. EPA considers the IM, required by the Federal RCRA Permit Condition IV.F.7.a., to be complete.

If you have any questions regarding this matter, please contact Ms. Carol Witt-Smith of my staff, at (312) 886-6146 for assistance.

Sincerely,
