Dear Ms. Steadham:

On April 25, 1996, Crane Division, Naval Surface Warfare Center (NAVSURFWARCENDIV Crane) submitted a request for a minor modification to the Sanitary Landfill (permit number 51-2). The drawings provided in enclosure (3) of that submittal were in draft form, but were submitted to hasten the review process. Provided as enclosure (1) are the final, certified drawings.

Construction and pilot-scale testing of the bioremediation facility has been delayed in order to obtain the minor modification. As such, NAVSURFWARCENDIV Crane earnestly requests that the Indiana Department of Environmental Management expedite review and approval of the minor modification. Please contact us if there is anything we can do to assist in this matter.

NAVSURFWARCENDIV Crane point of contact is Mr. Thomas J. Brent, Code 09510, telephone 812-854-6160, or Mr. Robert E. Lee, Code 0958, telephone 812-854-6158.

Sincerely,

  
STEVEN L. SEITZINGER
