Re: CTO 19 NOD Responses
Phase II Ground Water RCRA RFI
SWMU #30 - Landfarm

Dear Mr. Brent:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the Notice of Deficiency Response to Comments for the Revised Draft Work Plan and Revised Draft Quality Assurance Project Plan for Phase II Ground Water RCRA Facility Investigation Solid Waste Management Unit 30 (Landfarm) dated June 10, 1999.

The responses are acceptable with the attached minor modifications. Once these changes have been incorporated, please send the revision pages. Please revise the Work Plan and the Quality Assurance Project Plan to address these comments.

If you have any questions regarding this matter, please contact me at (312) 886-7890.

Regards,

FINAL COMMENTS
Revised Draft Work Plan & Revised Draft Quality Assurance Project Plan NOD Response
For Solid Waste Management Unit 30 (Landfarm)
Naval Surface Warfare Center
Crane, Indiana

1. **Quality Assurance Project Plan Comments**

Comment 3:

OK, but please reference Section 1.4 of the Work Plan in this section of the QAPP.

Comment 4:

OK, but also mention that additional testing of Chromium VI using an accepted laboratory procedure (other than the field procedure) may be required if Chromium VI results from the field test are in the range of 100 to 180 ug/L and the lab results for Total Chromium are less than the field result.

Comment 6:

Comment related to B4.

Comment 12:

Please reference these sections in Section 5.3 of the QAPP.
