Subject: ORR sampling plan

Gentlemen,

The revised supplemental ORR sampling plan you emailed me on 12/20/01 seems fine. Please note Doug G.'s message below.

Please let me know if you have any further questions.

Thanks!
Pete

Peter, I just go to this. The only comment I have is irrelevant to the sampling. They say the pipe came from the sumps in the concrete storage pads, but someone mentioned that there had been a drain from the bottom of the burning pits at one time. Hope you had a good Xmas.
