Re: MFA Battery Site IMR Extension

Dear Ms. Freeman:

This letter is to notify you that I have received Naval Surface Warfare Center's (NSWC) 180-day extension request for submission of the Mine Fill A (MFA) Battery Site Interim Measures Report (IMR). This extension is requested to perform additional fieldwork to complete remediation of that site and include the information in the IMR.

Your request for a 180-day extension is approved.

If you have any questions in this matter please contact me at (312) 886-7890.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Ramanauskas".

Peter Ramanauskas
Environmental Engineer
Waste, Pesticides and Toxics Division
