Re: Letter of Approval  
Rockeye Interim Measures Report  
Revision 1 - June 2002  
SWMU #10/15

Dear Ms. Freeman:

The United States Environmental Protection Agency (U.S. EPA) has reviewed and hereby approves the Rockeye Interim Measures Report for Removal and Bioremediation of Contaminated Soil Revision 1 dated June 2002.

The Navy has subsequently performed a RCRA Facility Investigation (RFI) at this Solid Waste Management Unit (SWMU) which is currently under U.S. EPA review. While the Interim Measure has remediated the explosives contaminated soil, the RFI will provide additional information on the nature and extent of any remaining contamination at SWMU #10/15.

If you have any questions regarding this matter, please contact me at (312) 886-7890.

Sincerely,

Peter Ramanauskas  
Environmental Engineer  
WMB, Corrective Action Section
