MEMORANDUM

From: Installation Co-Chair
To: Restoration Advisory Board Members & Attendees
Subj: RAB MEETING REMINDER/CHANGE OF LOCATION

The next Crane Division, Naval Surface Warfare Center (NSWC Crane) Community Restoration Advisory Board (RAB) meeting is scheduled for Tuesday, October 21, 2003. The meeting will take place on Center in the main conference room in Building 64 from 1100 to 1400 hours.

RAB meetings are open to members of the public and are intended to help the general public learn how NSWC Crane is conducting environmental cleanups using proven and alternative technologies. The RAB at Crane is a forum for exchange of information and partnership among citizens of the surrounding communities with DoD and environmental oversight agencies. Most importantly, the RAB will offer an opportunity for the communities to provide input to the cleanup process. The goal is to create a dialogue between the installation and the affected communities.

The agenda for the meeting will include: status updates on current Corrective Action activities including an assortment of workplans and fieldwork currently underway. Continued discussion of the Natural Attenuation Demonstration. The annual Environmental Restoration, Navy projects budget for Fiscal Years 2003, 2004, and 2005 will be presented and discussed. Discuss option to convert formal RAB meetings to web based interactions that would provide information on current projects and responses to submitted community concerns. Additional ideas and input for topics or presentations are especially welcome.

Furthermore, since the meeting coincides with the afternoon meal, a break will be taken for lunch and transportation provided to the Crane Café. The menu items consist of a hot meal line, a salad bar/buffet available, as well as, sandwiches and pizza. Lunch reservations are not necessary, but a confirmation of attendance would be appreciated.

Subj: RAB MEETING REMINDER

For questions, comments, or information, please contact the NSWC Crane RAB point of contact by telephone at 812-854-4423 or e-mail at RAB@crane.navy.mil.
