MEMORANDUM

From: Installation Co-Chair
To: Restoration Advisory Board Members & Attendees
Subj: **RAB MEETING REMINDER**

The next Crane Division, Naval Surface Warfare Center (NSWC Crane) Community Restoration Advisory Board (RAB) meeting is scheduled for Tuesday, April 20, 2004. The meeting will take place on Center in the main conference room at the Crane Café (B-121, Cafeteria) from 1100 to 1400 hours.

RAB meetings are open to members of the public and are intended to help the general public learn how NSWC Crane is conducting environmental cleanups using proven and alternative technologies. The RAB at Crane is a forum for exchange of information and partnership among citizens of the surrounding communities with DoD and environmental oversight agencies. Most importantly, the RAB will offer an opportunity for the communities to provide input to the cleanup process. The goal is to create a dialogue between the installation and the affected communities.

The agenda for the meeting will include: status updates on current Corrective Action activities including an assortment of workplans and fieldwork currently underway. Continued discussion of the Natural Attenuation Demonstration. The annual Environmental Restoration, Navy projects budget for Fiscal Year 04 and 05 will be presented and discussed. Finally, time will be set aside for questions or comments concerning the advanced Draft Proposed Rule that will soon be published in the Federal Register for public comment. The Draft Proposed Rules has been included with this reminder for your review. Additional ideas and input for topics or presentations for this upcoming RAB are especially welcome.

Furthermore, since the meeting coincides with the afternoon meal, a working lunch has been planned. Given that the meeting will be held at the Crane Café, you will be able to choose your own entrée and set your own budget. The menu items consist of a hot meal line, a salad bar/buffet available, as well as, sandwiches and pizza. Lunch reservations are not necessary, but a confirmation of attendance would be appreciated.
