Re: Mine Fill A Battery Site Interim  
Measures Addendum 1 Report  
Approval

Dear Ms. Freeman:

The United States Environmental Protection Agency (U.S. EPA) has reviewed and approves Addendum 1 to the Interim Measures Report for Removal and Disposal of Contaminated Soil from the Mine Fill A Battery Site Revision 1 dated May 2005.

The Navy is currently conducting an RFI investigation of the Mine Fill A (MFA) area including the MFA Battery Site. Additional investigative work related to elevated metals, explosives, and SVOC levels at the MFA Battery Site will occur under the RFI.

If you have any questions regarding this matter, please contact me at (312) 886-7890.

Sincerely,

Peter Ramanauskas  
Environmental Scientist  
RCRA Corrective Action Section
