SUBJ: RAB MEETING ANNOUNCEMENT

1. The next Crane Division, Naval Surface Warfare Center (NSWC Crane) Community Restoration Advisory Board (RAB) meeting is scheduled for Tuesday, August 1, 2006. The meeting will take place on Center at the Crane Cafeteria Meeting Room, second floor, Room B, from 1000 to 1400 hours.
2. RAB meetings are open to members of the public and are intended to help the general public learn how NSWC Crane is conducting environmental cleanups using proven and alternative technologies. The RAB at Crane is a forum for exchange of information and partnership among citizens of the surrounding communities with DoD and environmental oversight agencies. Most importantly, the RAB will offer an opportunity for the communities to provide input to the cleanup process. The goal is to create a dialogue between the installation and the affected communities.
3. The agenda for the meeting will include: statements of basis for Rockeye, the Dye Burial Ground and the Mustard Gas Burial Ground; a summary of the Interim Measures Projects at the B106 Pond and Old Pistol Range; and a general status of various sites and projects. Additional ideas and input for topics or presentations for this upcoming RAB meeting are especially welcome.
4. Since the meeting coincides with the afternoon meal, a working lunch is planned. Given that the meeting will be held at the cafeteria, you will be able to choose your own entrée and set your own budget.
5. Please contact the NSWC Crane RAB point of contact by telephone at 812-854-6160 or email at RAB@crane.navy.mil.
