Dear Ms. Cole:

On March 8, 2011, the Final Response to United States Environmental Protection Agency (USEPA) Comments and RFI Report for SWMU 16 were submitted to the Navy. The RFI was ultimately placed on hold while Interim Measures were planned for the site. The Interim Measures were completed December 2013 through February 2014. During a January 26, 2015 conference call between the Navy and the USEPA, it was decided the March 2011 SWMU 16 RFI Report would be a final document. An RFI Addendum would be completed by the Navy which would incorporate the results of the Interim Measures at SWMU 16.

Please find attached one copy of the final document cover and associated spine, and CD for the subject report. The RFI Addendum will be sent as a draft under separate cover.

Please contact the undersigned at (412) 921-8308 (e-mail: Ralph.basinski@tetrattech.com) or Deborah Cohen at (412) 921-7118 (e-mail: Deborah.cohen@tetrattech.com) regarding any questions or comments.

Sincerely,

Ralph R. Basinski
