Subject: **Final**
Sampling and Analysis Plan (SAP) Resource Conservation Recovery Act Facility Investigation (RFI) for Solid Waste Management Unit (SWMU) 23 – Battery Shop Building 36, Naval Support Activity Crane, Crane, Indiana

Dear Mr. Brent:

The Draft-Final version of the subject SAP (dated July 2012) was approved without comment by the Indiana Department of Environmental Management (IDEM), and approval signatures have been received for that document. Please find enclosed new four CDs (dated August 2012) and four copies of the change pages needed to update the copies of the July 2012 Draft-Final SAP to the August 2012 Final SAP for SWMU 23 – Battery Shop Building 36, Naval Support Activity Crane, Crane, Indiana. Please replace the July 2012 document covers with the enclosed August 2012 covers. Insert completed signature page into your existing copies and replace the previous CDs (dated July 2012) with the CDs dated August 2012.

Please contact me at (412) 921-8425 (email: James.Goerdt@tetrattech.com) regarding any questions or comments.

Sincerely,

Richard Boringers
