Subject: **Draft Final**  
Technical Memorandum – SWMU 3 Soil Delineation Sampling Data Summary  
Naval Support Activity Crane, Crane, Indiana

Dear Mr. Hickey:

The Draft Technical Memorandum was submitted to you on April 20, 2012 under CTO F274. Enclosed is the Draft Final Delineation Sampling Data Summary Technical Memorandum for SWMU 3 Old Jeep Trail Treatment Area at Naval Support Activity Crane, Indiana. Navy comments were received on May 3, 2012. At that time no available funds remained under CTO F274 to complete the work on SWMU 3. Recently, on April 29, 2013, a modification to CTO C065 was approved to add the remaining work for SWMU 3 to this CTO.

Attached to this letter are responses to Navy comments and the revised Draft Final Technical Memorandum.

Please contact the undersigned at (412) 921-8893 (e-mail [karen.lyons@tetrattech.com](mailto:karen.lyons@tetrattech.com)) or Ralph Basinski at (412) 921-8308 (e-mail [Ralph.Basinski@tetrattech.com](mailto:Ralph.Basinski@tetrattech.com)) regarding any questions or comments.

Sincerely,
