- PCB Capacitor Burial/Pole Yard - Page Revisions for Revision 2

Dear Mr. Hickey:

Revision 1 of subject document was submitted to you on December 19, 2012. Since that time comments were received via electronic mail (e-mail) from U.S. EPA Region 5 (EPA) regarding the ditches, streams, and associated floodplains portion (i.e., Phase 2) of the document and a teleconference was held on February 22, 2013 to discuss and resolve the comments. The enclosed IMWP Revision 2 reflects changes made in response to EPA comments. A response to comments (RTCs) document is attached to this letter (Attachment A). Enclosures include an MS Word Track Change version of the IMWP text in pdf format and the complete Revision 2 of the document. A compact disk (CD) of this letter and the IMWP is included with the IMWP hardcopy.

Should you have any questions, please contact me (412-921-8615, tom.johnston@tetrattech.com) or Ralph Basinski (412-921-8308, ralph.basinski@tetrattech.com).
