SWMU 22 – Lead Azide Pond
Naval Support Activity Crane, Crane, Indiana

Dear Mr. Hickey:

Please find enclosed for your records a hard copy and electronic copy of the final Addendum to the UFP-SAP for the RCRA Facility Investigation for SWMU 22 – Lead Azide Pond – at NSA Crane. No comments were received from IDEM on the draft report, except that an attempt be made during field activities to check for seeps on the hillslope between sampling locations 22SW17 and 22SW24. If present, a seep sample will be collected. This will be done during the field activities, scheduled to begin the week of May 7, 2012.

Mr. Tom Brent of NSA Crane has been sent five copies and five electronic copies for his use and distribution to IDEM and USEPA.

Please feel free to contact me at (412) 921-7281(e-mail: tim.evans@tetrattech.com) or Mr. Ralph Basinski at (412) 921-8303 (e-mail: ralph.basinski@tetrattech.com) if you have any questions.

Sincerely,

Timothy S. Evans
Project Manager
