Dear Mr. Hoover:

Re: Naval Weapons Station Earle
Colts Neck, Monmouth County
Site A

The Department has reviewed your letter of May 13, 1992 concerning Site A at NWS Earle. The Navy has addressed comment number 4 of the DEPE's 18 March 1992 letter concerning soil sampling in the area of the proposed Child Development Center. It appears that the samples collected in this area are below the Department's proposed cleanup standards. However, it is important to note that our March letter contained several other comments which have not been addressed. Prior to the Department making a decision concerning the need for further action at this site these comments must be addressed.

If you have any questions please call me at (609) 633-1455.

Sincerely,

Joseph Freudenberg, Case Manager
Bureau of Federal Case Management
