Work Order No. 1771-15-04

Dear Ms. Scalise:

Per your request during your recent field audit at NWS Earle, I am sending you the following two items; 1.) copies of the analytical results for the HPLC water used for QA samples and equipment decontamination during the recent round of sampling, and 2.) copies of the bottle analysis (representatives) of the bottle lots used at NWS Earle. All water sent to the field for used or as field blanks was tested as indicated in the attached analytical package.

If you have any question concerning this information, please do not hesitate to contact Gail DeRuzzo or me at (215) 524-4284 or (215) 430-7256, respectively.

Very truly yours,

ROY F. WESTON, INC.
