Re: Site A - Child Development Center

Dear Mr. Hoover:

This is a follow up to our telephone conversation on July 16, 1992, at which time I mentioned that I needed a response to my July 10, 1992 letter before I could send a complete package of all the information dealing with the Child Development Center to a Chemist in the Monitoring Management Branch for review. You mentioned that Halliburton NUS was preparing a response.

After Halliburton NUS finishes their response, could you send me a copy as soon as possible.

If you have any questions concerning this matter, please contact me at 212-264-6609.

Sincerely yours,
