Dear Paul:

Re: NWS Earle, Colts Neck Township, Monmouth County
Site Inspection (SI) Report

As you requested, I am sending you the information the Department has on Site 14, the Defense Property Disposal Office, and Site 28, the Waste Oil Tank. For Site 14, I am forwarding a copy of the relevant pages of a Department site inspection. The Department's Bureau of Hazardous Waste Engineering believed the report was from 1989. The report recommended no further action for this site. For Site 28, I am forwarding copies of the closure plan approval (March 24, 1987), the amended closure plan approval (December 5, 1990), and the closure certification approval (July 27, 1992). In addition, I have enclosed a copy of the cover pages to the round 2 report for ground water monitoring at the waste oil tank.

If you need additional information on RCRA-regulated activities, please contact John Scott of the Bureau of Hazardous Waste Engineering at (609)292-9880.

Sincerely,

Joseph Freudenberg, Case Manager
Bureau of Federal Case Management
