

**MINUTES FOR TRC MEETING
OF JUNE 21, 1994
NAVAL WEAPONS STATION (NWS) EARLE
COLTS NECK, NEW JERSEY**

1. The meeting was opened at 10:00 AM by Mr. J. Kolocius, the Remedial Project Manager for NWS Earle. Minutes of the April 10, 1995 TRC meeting were discussed.
2. Mr Kolocius stated that during the April 20 project kick-off meeting the EPA & NJDEP gave approval to proceed with field sampling activities identified in the April 1995 Draft RI Work Plan provided that NJDEP's comments were incorporated into the Final RI Work Plan.
3. Mr Kolocius discussed the field work that had been completed to date and addressed the results of soil gas surveys at Sites 3, 16 and 26 along with information gathered during the test pit excavations at Sites 3 and 13. Mr. Kolocius reviewed the status of background sampling efforts identifying the locations that had been sampled to date and indicated that dedicated bladder pumps for existing wells were to be delivered and installed on June 22 and 23.
4. Mr. Lester Jargowsky of MCHD inquired about the Sites where testing for explosives was planned. Mr Mayhew of NORTHDIV identified Sites 1, 2, 6, 13, 23, 26 as Sites where explosives parameter sampling was planned and identified those background locations where explosives sampling was completed.
5. Mr. Kolocius discussed the impact of DOD funding cuts on site investigation/remediation efforts and indicated that planned activities as identified in the RI Work Plan for Sites 9, 14, 22, 27, L and Q would be delayed until additional funds are available.
6. Mr. Jeff Gratz of EPA indicated that Mr. Robert Wing will be acting EPA Project Manager during his extended absence. Mr Gratz also indicated his desire to review validated data in late October or early November for samples which exceeded established regulatory standards to aid in the prioritization of future site remediation efforts.
7. Mr. Greg Geopfert of NWS Earle indicated that arrangements were being made concerning access to Site 13 during the upcoming weekend.
8. The next TRC meeting was scheduled for 10:00AM on 30 August 1995 at the Public Works Conference Room at Building C-29, NWS Earle. The meeting adjourned at 11:30 AM.
