Re: Status of Site A at Naval Weapons Station (NWS) Earle, Colts Neck, New Jersey

Dear John:

Based on site visits by the Environmental Protection Agency (EPA), the Navy's *Addendum to the Preliminary Assessment* (August, 1992) for NWS Earle, and other site-specific information, EPA has determined that no further investigation or action is necessary at Site A. Results from a recent sampling effort confirmed that this area does not contain elevated concentrations of contaminants.

If you have any questions, please call me at (212) 264-6667.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jeffrey Gratz".

Jeffrey Gratz, Project Manager
Federal Facilities Section
