Dear Mr. Hermanni:

Re: Pesticide Shop Soil Sampling/Analysis Report
Naval Weapons Station Earle
Colts Neck Twp., Monmouth Co.

The New Jersey Department of Environmental Protection (NJDEP) has reviewed the above referenced report prepared by Foster Wheeler Environmental Corporation, dated April 15, 1998. The NJDEP approves this report with the following modifications.

- 1) Figure 1 - There are several sample locations with no associated analytical data. Were these locations not analyzed or did the analysis show that that all contaminants were below State or Federal Soil Cleanup Criteria?
- 2) Section 2.0 - All soils shall be delineated to the residential, not Non-Residential Cleanup Criteria.

If you have any questions, please call me at (609)-633-7237.

Sincerely,

A handwritten signature in cursive script that reads "Bob Marcolina".
