Re: Review of the Navy's Long Term Monitoring Plan (Draft), Operable Unit 2, ( December, 2000) for NWS Earle, Colts Neck, New Jersey

Dear Mr. Kolicius:

The Environmental Protection Agency (EPA), in accordance with our Federal Facility Agreement with the Navy, has reviewed the above referenced report prepared by EA Engineering, Science and Technology. The EPA has the following comments on the report:

- 1) Figure 1 is difficult to read and the top portion of Figure 3 is too light to read, better copies of the maps are needed.
- 2) Section 4.1.1, page 5, refers to Section 3.2. There is no Section 3.2 in the document.

If you have any questions, please call me at (212) 637-3921.

Sincerely yours,

Jessica Mollin, Project Manager  
Federal Facilities Section
