MEMORANDUM

FOR THE MEMBERS OF THE TECHNICAL REVIEW COMMITTEE (TRC)  
INSTALLATION RESTORATION STUDY, NAVAL WEAPONS STATION (NWS),  
EARLE, NJ

This memorandum is to inform you that the TRC meeting originally scheduled for November 9, 1995 has been postponed until Tuesday, November 21, 1995 at 9:00 AM in the Public Works Conference Room at Building C-29 at NWS Earle. Data collected during this summer's field work will be presented for review and discussion. Prioritization of additional work will be based on these results.

This will be the last regularly scheduled meeting of the TRC. The Restoration Advisory Board (RAB) formed earlier this year serves an oversight role similar to the TRC while seeking more direct stakeholder input. All current TRC members are encouraged to consider membership in the RAB. Additionally, the RAB will schedule separate technical meetings to examine specific issues as they arise. If you are interested in RAB membership, or would be available as needed for focused technical meetings, please let me know.

Minutes of the August 30, 1995 TRC meeting are enclosed. If you have any questions or concerns, please contact me at (610) 595-0567 extension 157.

Sincerely,

A handwritten signature in black ink, appearing to read "John P. Kolicius".

John P. Kolicius  
Remedial Project Manager  
By direction of the Commanding Officer
