Contract Task Order (CTO) 0085

Subject: Draft Work Plan
Underground Storage Tank (UST) Remedial Investigation at Various Sites
Naval Weapons Station (NWS) Earle
Colts Neck, New Jersey

Dear Mr. Helland:

As per CTO 0085, please find attached two copies of the subject report. As requested in the statement of work, four copies have been transmitted under separate cover to the Commanding Officer, NWS Earle.

To facilitate issuance of the Final Work Plan for CTO 0085, please submit all peer review comments to me by May 24, 1993. As per the January 14, 1993 negotiation meeting, the Final Work Plan for CTO 0085 is due to the Navy on June 15, 1993, 20 days after receipt of Navy and New Jersey Department of Environmental Protection and Energy (NJ DEPE) review comments. It is my understanding that the Navy will submit the subject report to NJ DEPE for review.

Please contact me at the above number if you have any questions or comments.

Respectfully,
