Dear Mr. Helland:

Please find attached two copies of the subject report. As requested in the statement of work for CTO 0085, four copies have been transmitted under separate cover to the Commanding Officer, NWS Earle. At your request, the appendices for the subject report are not being submitted.

The Final Work Plan for CTO 0085 will be submitted to the Navy 20 days after HNUS' receipt of New Jersey Department of Environmental Protection and Energy (NJ DEPE) review comments. It is my understanding that the Navy will submit the subject report to NJ DEPE for review.

Please contact me at the above number if you have any questions or comments.

Respectfully,
