Re: DEQ Tracking Number PC 94-2275, Wash Rack, LARC 60
Area, Fort Story, VA.

Dear Mr. McCall:

Your Site Characterization Report dated June 28, 1994, has been received in the Tidewater Regional Office for review.

We currently have a tremendous case load under review. If you have not received a response to your submittal within 60 days, please contact me to determine the status of your case. Your patience and cooperation are appreciated.

Please note that free product recovery is required for sites where free product has been observed or measured. If free product is present, you must begin free product recovery and submit a monthly free product removal report.

Sincerely,

C. Erinn Tisdale
Ground Water Section
