Dear Ms. Bateman:

Malcolm Pirnie is pleased to provide to Fort Eustis this **Final Remedial Investigation Report (3 copies)** for the FTA, LARC 60, and Auto Craft sites at Fort Story, Virginia. The report consists of two volumes: Volume 1 – Text, Tables, and Figures and Volume II – Appendices.

No additional comments to the redline/strikeout version of the final report were provided by the Virginia Department of Environmental Quality (VDEQ) in their letter dated December 12, 2002. As requested by Tony Parnell of VDEQ, one copy of the report has been submitted to VDEQ for their files.

It has been a pleasure to provide this document to Fort Eustis. We look forward to further discussions relative to this project.

Very truly yours,
