PUBLIC COMMENT ON CLEANUP PLAN

The Fort Eustis Environmental Office and Commonwealth of Virginia Department of Environmental Quality host a public meeting to discuss the Remedial Investigation and RI Addendum reports and Proposed Plan for the cleanup of the LARC 60 Maintenance Area Site, Fort Story. The meeting is Sept. 24 from 1 to 3 p.m. at the Oceanfront Area Library, 700 Virginia Beach Boulevard, Virginia Beach.

The RI/RI Addendum reports discuss the risk posed by the site and present an evaluation of cleanup options. The Proposed Plan identifies the preferred cleanup action set forth for public comment. The formal comment period ends Oct. 7.

Fort Eustis will choose the final remedy after the comment period ends and may select a different cleanup approach after taking public comments into account.

Copies of the RI/RI Addendum and Proposed Plan are available at: Fort Eustis Groninger Library, Bldg. 1313, phone 878-5017; Fort Story Library, Bldg. 530, phone 422-7525; and the Oceanfront Area Library, 700 Virginia Beach Boulevard, Virginia Beach, phone 385-2640.

For more information or to submit written com-

ments, contact Vicki Bowker, Public Affairs Office, IMNE-EUS-PA, Fort Eustis, Virginia 23604, phone 878-4920.
