Mr. John Palensky, P.E.  
Technical Manager  
U.S. Army Corps of Engineers  
Omaha District Environmental Branch  
215 N. 17th Street  
Omaha, NE 68102-4978

RE: *Final Chemical Data Acquisition Plan for Confirmatory Studies at Fort Story, Virginia (Final CDAP)*  
*Final Site Safety and Health Plan for Confirmatory Studies at Fort Story, Virginia (Final SSHP)*  
Contract No. DACW45-92-D-0007, Delivery Order 0030.

Dear Mr. Palensky:

Montgomery Watson is pleased to present the *Final CDAP* and the *Final SSHP*. The *Final CDAP* summarizes the proposed Confirmatory Studies field investigation program at Fort Story, Virginia. The *Final SSHP* provides the health and safety procedures that will be followed during the Confirmatory Studies field investigation program.

If you have any questions, please contact me at your convenience. Montgomery Watson looks forward to working with the USACE and the Fort Eustis Environmental and Natural Resources Division during this project.

Sincerely,

MONTGOMERY WATSON

Thomas L. Haynos  
Project Manager
