

Minnesota Pollution Control Agency

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

January 4, 1995

Mr. David Cabiness, Code 1862
Commanding Officer
Southern Division
Naval Facilities Engineering Command
P.O. Box 190010
North Charleston, South Carolina 29419-9010

RE: Naval Industrial Reserve Ordnance Plant Site

Dear Mr. Cabiness:

The Minnesota Pollution Control Agency (MPCA) staff has reviewed your letters of December 14, 15, and 16, 1994, regarding schedule revisions and other issues related to the Federal Facility Agreement (FFA), dated March 27, 1991, between the MPCA, the U.S. Environmental Protection Agency (EPA), and the Navy.

The MPCA staff hereby requests that the Navy justify these schedule revisions pursuant to Section XXXIII of the FFA within seven working days of receipt of this letter. Please pay particular attention to the definition of "good cause" as defined in this section of the FFA. The MPCA staff did agree to postpone submittal of the 1994 Annual Monitoring Report until January 31, 1995, at Technical Review Committee Meeting #23, held on November 17, 1994. The MPCA staff believes that these letters should have been addressed to both MPCA and EPA.

If you have any questions regarding this letter, please contact David Douglas of my staff at (612) 296-7818.

Sincerely,

James Warner, P.E.
Manager
Ground Water and Solid Waste Division
