RE: Naval Industrial Reserve Ordnance Plant Superfund Site

Dear Mr. Glass:

Pursuant to the provisions of Section 19.3 of the Federal Facility Agreement, dated March 27, 1991, between the Minnesota Pollution Control Agency (MPCA), the U.S. Environmental Protection Agency, and the U.S. Navy, I am hereby requesting a 21-day extension from June 7 to June 28, 1996 for the MPCA staff's response to the "Draft Work Plan for Operable Unit 3 Remedial Investigation/Feasibility Study" (and the three associated volumes) that was received by the MPCA staff on May 8, 1996. The reason for the requested extension is heavy staff work loads and the number of documents to be reviewed.

If you have any questions regarding this letter, please me at (612) 296-7818.

Sincerely,

A handwritten signature in black ink that reads "David N. Douglas".
