RE: Naval Industrial Reserve Ordnance Plant Superfund Site

Dear Mr. Glass:

The Minnesota Pollution Control Agency (MPCA) staff has reviewed the document entitled, "Documentation Report for the Subsurface Exploration at the Former Foundation Pits," (Report) dated December 27, 1995. The Report is for Operable Unit 3 (OU3) of the Naval Industrial Reserve Ordnance Plant Superfund Site and was submitted pursuant to the Federal Facility Agreement, dated March 27, 1991, between the MPCA, the U.S. Environmental Protection Agency, and the U.S. Navy (Navy).

The MPCA staff accepts the contents of the Report. The MPCA staff understands that the work described in the Report was not intended to comply with the Quality Assurance Project Plan requirements of the OU3 Remedial Investigation/Feasibility Report Work Plan; however, the Navy shall address the findings in the Report in the OU3 Remedial Investigation/Feasibility Report.

If you have any questions regarding this letter, please contact me at (612) 296-7818.

Sincerely,

A handwritten signature in black ink that reads "David N. Douglas". The signature is written in a cursive style.
